After being praised by his teacher, Ram looks through his classmate's paper. His classmate, Shyam, has also scored very highly. Upon further inspection, Ram notices that one of Shyam's questions was marked incorrectly. If Ram informs the teacher then Shyam will gain 3 more marks. However, this will put Shyam as the highest scorer and Ram as second. What do you think Ram should do?
- a. Ram should not inform the teacher. The fault belongs to the teacher. So, Ram should just enjoy his well-earned first place.
  - b. Ram should inform the teacher about the mistake and take pleasure in helping Shyam get a better grade.
40. Anuj has an aspiration of becoming a credible IT consultant. He spends most of the time on his laptop and mobile to watch online certification training videos, track market trends, and to expand his professional network. However, this prevents him spending much time with his family even though they live in the same household. His parents often complain about him being 'always stuck to his laptop and mobile'. How should Anuj evaluate his routine?
- a. Anuj should keep his career as his prime focus. He should promise his parents that he will schedule them in some quality time for one weekend, next month. After his career is set then he will make more time to spend with his family.
  - b. Anuj should schedule some quality time for his parents every week. He can continue working on his career, but it will not hurt him to take a break from his electronics now and again.
